LAMBORGHINI MÜNCHEN

Cinema in Concert – New date 2021 (Corona)

#FilmMusicConcert

As you have maybe already read in the media and/or our social media activities, there is still no prospect when and in which form it will be possible to have huge events again. That's why we also had to cancel our alternative date for **Cinema in Concert** 2020 heavy-heartedly.

The whole team of **Cinema in Concert**, die contributing artists as well as our partners and sponsors support the decision of the German government, that health and safety has prior priority.

The good news are, that we are planning to realize **Cinema in Concert** on **3 May 2021**. Some of the artist already confirmed their participation, with others we are still in negotiation .
